

Dear Customers and Vendors,

Effective October 1, we will be known as **GOMOBILE STORAGE<sup>SM</sup>**! Our new name now explains what we do. It's the same local ownership, same employees and same prompt and friendly service.

Over 11 years ago, I and two partners started our mobile storage business here in Savannah where we live. We were affiliated with a dealership organization, Go Mini's, LLC, so we chose the dba name of Go Mini's Savannah. Our dealership affiliation has recently turned into a franchise organization, and not wishing to become a franchise, we have left that association. Effective October 1, we will be known as **GOMOBILE STORAGE<sup>SM</sup>**.

Looking back over the 11 years, we want to thank our many loyal customers for their repeat business and for referring us to their friends and family. You are our primary form of advertising. In the beginning we parked our truck near where we lived and bartered for a small yard in Port Wentworth for our 12 mobile storage units. Due to your support, we have grown to 277 mobile storage units and a secure climate controlled warehouse with a secure fenced in yard.

Thank you all again for your business, Bob.
